

## 92.imagination

*“Logic will get you from A to B. Imagination will take you everywhere.” - Albert Einstein*

*“The Possible’s slow fuse is lit by Imagination.” - Emily Dickinson*

You know how you get sometimes, when life is busy and there are too many responsibilities and obligations pulling you in a million directions? Stuck.  
Yeah, that’s what you get, is stuck.

How is your imagination supposed to soar when your head is filled with  
‘gotta do this’ and ‘gotta go there’, etc.?

Right now - okay, when you’ve finished this page - close your eyes and take a deep breath. One of those really deep ones that make your gut stick out. Take another one. Take as many as you need to be in your happy place.

What’s there? It’s you.

It’s the realm of the imagination where anything is possible.

Now imagine yourself doing what you most love and go do it.
